

**Parking at K9 Obedience Club of Jacksonville, Inc. See the diagram below.**

Notice the entrance area from Powers Avenue - left side of property. We don't have specific markings for each space, so you have the following options for parking:

1. Park facing the fence. Park close to other cars making more spaces available.
2. Park to the left towards the wooded area.
3. Make 2 rows facing Powers Avenue. The first to arrive needs to pull around & up facing Powers Avenue. Pulling up close, within 4 feet of the road. Another car can park directly behind you. The first row of cars can pull out directly onto Powers Avenue when leaving.
4. If our parking lot is filled, you may park directly across at American Windows during evening hours and weekends only. Never block entrance gates to any businesses nearby.
